

Eat. Share. Compost the Rest.

LoveYourFoodNY.org

Why **not** have your cake and eat it too?

Love Your Food is a community initiative to raise awareness about the big bad problem of food waste.

Thanks to the NY State Department of Environmental Conservation, our tri-municipal community received a three-year grant to do this work.

We'll be doing outreach at farmers markets, community events and local schools. So if a friendly neighbor or kid suggests you eat your leftovers, share extra food with others and compost the rest — you'll know why.

TIP Out of sight, out of mind.

Don't let last night's take-out or home-cooked meal go to waste. Give your leftovers the front row of the fridge so you remember to eat them. Leftovers usually taste better the second day anyway!

Visit our website and learn why this is a hot topic.

Get inspired with ways to plan, shop, prep and store food so that you eat more and waste less. This will save you money, conserve our planet's resources and make you happy.

Because why bother having cake if you don't eat it?

Love Your Food.
It's ALL good.
